Ordering

We can accept orders by post, fax, e-mail or telephone, but telephone orders must be confirmed in writing before stock can be allocated. Please use our order codes whenever possible and include a contact name and number so that we can contact you in the event of any problems. If required, we will confirm the order by sending you a Sales Order Acknowledgement.

Despatch

We aim to keep all items in stock and, whenever possible, goods will be shipped from stock within one working day of receipt of order. Any items that are not in stock will be shipped at the earliest possible opportunity. This will normally be no more than seven working days unless we are experiencing supply difficulties. Part shipments can be made by arrangement, but all consignments will incur a carriage charge that will be added to the invoice at cost. The despatch date on the Sales Order Acknowledgement is the date by which the complete order will be despatched.

Carriage

If you have a preferred carrier you would like us to use for shipment, please ensure that you include instructions to this effect on your purchase order. Unless instructed otherwise we will use a carrier of our choice and add the carriage cost to the invoice. Charges for our commonly used carriers are detailed separately on our Carriage Tariff, a copy of which is available upon request.

VAT

Except where stated, all prices shown exclude VAT. For UK customers, VAT will be added at the UK rate (currently 15.0%). For VAT-registered EC customers outside the UK, VAT will be zero rated provided that we receive a purchase order bearing the purchaser's VAT registration number. VAT is not applicable to customers outside the EC.
